● Your portal instance for 3woodstock.gr is ready ★

**Hosting4Life**

Μάρ 23

Προς εμένα

Thank you for your Liferay Portal Shared Mini instance order. We have setup your portal instance and will send your invoice shortly via Paypal, it also contains IBAN number for our bank account if you wish to pay via bank transfer.

Your Liferay Portal instance details:

Instance URL: <http://3woodstock.vm8.hosting4life.eu>  
Admin username: [admin@3woodstock.gr](mailto:admin@3woodstock.gr)  
Admin password: 11f3r4y

You can use your domain 3woodstock.gr or any subdomain as virtual host for any site you create. The default site virtual host is set to 3woodstock.vm8.hosting4life.eu. If you change it make sure you use either 3woodstock.gr or a subdomain of it. Use of any other domain will result in the instance not being accessible any more. We recommend leaving the default site as is so that you can always access your portal instance. We also have made redirect from <http://3woodstock.gr> to <http://www.3woodstock.gr> because most of our client want to have both with and without www point to the same site. Your main site should use virtual host www.3woodstock.gr. If you want your main site to be just 3woodstock.gr and have www.3woodstock.gr redirect to it just let us know and we'll change it to work like that.

Since you chose to use our DNS please point your domain 3woodstock.gr DNS to use our DNS servers ns1.hosting4life.eu and ns2.hosting4life.eu.

If you want to be able to receive email on the domain 3woodstock.gr we have excellent email packages at <http://www.hosting4life.eu/hosting/email-services>

You can find Liferay user guide from <http://www.liferay.com/documentation/liferay-portal/6.1/user-guide>.

If you have any questions don't hesitate to ask.

Best regards,

Mika
